

Reynoldsburg City Schools

March 7, 2017

Dear Parents/Guardians and Students:

During the month of April and the first week of May, our third grade and fourth grade students will be taking Ohio's online AIR (American Institutes for Research) assessment. These assessments will be taking place in the morning. Here are the dates the tests will be taking place....

3 rd Grade ELA Part 1- April 4, 2017	4 th Grade ELA Part 1- April 6, 2017
3 rd Grade ELA Part 2- April 5, 2017	4 th Grade ELA Part 2- April 7, 2017
3 rd Grade Math Part 1- April 25, 2017	4 th Grade Math Part 1- April 27, 2017
3 rd Grade Math Part 2- April 26, 2017	4 th Grade Math Part 2- April 28, 2017
	4 th Grade Social Studies Part 1- May 2, 2017
	4 th Grade Social Studies Part 2- May 3, 2017

In addition, fourth grade students will take a fourth grade social studies SLO assessment on April 20, 2017.

Because we want the children to have an optimum environment for doing their best work, here are our recommendations:

- Help your child get plenty of sleep and wake up well-rested.
- Help provide your child a healthy breakfast as it gives your child energy, helps with concentration, and can make a difference in test performance.
- Try to have a stress free morning. Children do better when they come to school ready to focus on the test and are not worried about a difficult morning.
- Please be on time for school, keeping in mind that students are tardy after 8:05 AM. No child will be admitted to class after testing begins. We will provide a place for late-comers in another classroom until testing is over. We will make every effort not to interrupt classes during testing.
- Do not schedule appointments on this day which would cause your child to be absent from school.
- Encourage your child to take their time and do their best! Remind them to try each question and not leave anything blank.

Together we will cheer our students on for success. We are excited about this opportunity for students to show how much they know and can do and we are all confident that they will shine brightly in their performance. Feel free to contact me if you have any additional questions at 614-501-5530.

Sincerely,

Melissa
