

# fluency WORKSTATION voice jar

using expression to become a fluent reader

## Fluency Workstation Voice Jar

I Love using jars for workstations because they are easy for students to take to their seat. don't take up much space and are just fun!! I hope your students enjoy them as much as mine students!!

### Materials:

Plastic jar (glass if you're brave!)— I found mine at the dollar store

Emotion cards (copied on card stock and laminated)

### Directions:

Students choose something that's easy for them to read. It can be a book, poem, phrase strips, etc. Next, draw an emotion card from the jar. Read the selection in the voice on the card. I often have students use whisper phones with this activity. This station can be done independently or with a buddy.
