

# French Run Elementary School

1200 Epworth Ave, Reynoldsburg, OH 43068-2116 – Grades K-4 – Franklin County

Your School's  
Designation:  
**Excellent**

The School Report Card for the 2010-2011 school year shows the progress schools have made based on four measures of performance.

Indicators

Performance Index

Adequate Yearly Progress

Value-Added

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

The six designations are:

- Excellent with Distinction
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

To meet a test indicator for grades 3-8 and 10, at least 75% of students tested must score proficient or higher on that test. Other indicator requirements are: 11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

On the Web: [reportcard.ohio.gov](http://reportcard.ohio.gov)

## 2010-2011 School Year Report Card

Current Principal: Mary A. Burns (614) 367-1950

Current Superintendent: Stephen D. Dackin (614) 501-1020

† Students enrolled in Title I schools in School Improvement may be eligible for Public School Choice or Supplemental Educational Services. Contact your school for specific options available to your child.

*Any result at or above the state standard is indicated by a ✓.*

\* = Not Calculated/Not Displayed when there are fewer than 10 in the group.

+ Cumulative results for students who took the tests as 10th or 9th graders.

# Your School's Assessment Results Over Time

All students in the school for a full academic year are included in the results.

## 3rd Grade Achievement

## 4th Grade Achievement

## 5th Grade Achievement

## 6th Grade Achievement

## 7th Grade Achievement

## 8th Grade Achievement

### The State Indicators

Indicators are based on state assessments, as well as on attendance and graduation rates.

To earn an indicator for Achievement or Graduation Tests, at least 75% of students must reach proficient or above for the given assessment.

For the 11th grade Ohio Graduation Tests indicators, a cumulative 85% passage rate for each assessment is required.

## Ohio Graduation Tests (10th Grade)

## Ohio Graduation Tests (11th Grade)\*

\* Cumulative results for students who took the tests as 10th or 11th graders.

# Performance Index

## Performance Index Calculations for the 2010-2011 School Year

The Performance Index reflects the achievement of every student enrolled for the full academic year.

**Performance Level Across Grades 3-8 and 10 for all Tested Subjects**  
(Includes every student enrolled in the school for a full academic year)

	Percentage	X	Weight	=	Points
Untested	0.0	X	0.0	=	0.0
Limited	3.7	X	0.3	=	1.1
Basic	8.2	X	0.6	=	4.9
Proficient	29.6	X	1.0	=	29.6
Accelerated	32.3	X	1.1	=	35.5
Advanced	26.2	X	1.2	=	31.4

Your School's Performance Index **102.6**

### Performance Index Over Time

2010-2011	2009-2010	2008-2009
<b>102.6</b>	<b>103.7</b>	<b>103.3</b>

# Value-Added Measure

### Overall Composite

Scores reflect grade level and overall composite ratings for the 2010-2011 school year.

### Reading

### Mathematics

Note: Value-Added results are computed only for buildings that include students in grades 4 through 8.

Your school's Value-Added rating represents the progress your school has made with its students since last school year. In contrast, achievement scores represent students' performance at a point in time. A score of "Above" indicates greater than one year of progress has been achieved; "Met" indicates one year of progress has been achieved; "Below" indicates less than one year of progress has been achieved. Value-Added results are computed only for buildings that include sufficient testing data for students in any grade 4 through 8.

### Legend

- +** = Above Expected Growth
- ✓** = Met Expected Growth
- = Below Expected Growth

# Adequate Yearly Progress (AYP)

Percent Proficient	Indicator	Student Subgroups										AYP Determination by Indicator
		All Students	Economically Disadvantaged	Asian/Pacific Islander	Black, non-Hispanic	American Indian/Alaska Native	Hispanic	Multi-Racial	White, non-Hispanic	Students with Disabilities	Limited English Proficient	
	Reading	Met	Met	NR	Not Met	NR	NR	NR	Met	NR	NR	
	Mathematics	Met	Met	NR	Not Met	NR	NR	NR	Met	NR	NR

	Graduation Rate*	N/A										
	Attendance Rate*	Met										
	AYP Determination by Subgroup	Met	Met	NR	Not Met	NR	NR	NR	Met	NR	NR	

## Legend

This legend explains terms used in the above chart that describe whether each student group met this year's AYP goals.

For test indicators, AYP can be met in one of four ways:

- 1) meeting the AYP targets with current year results;
- 2) meeting the AYP targets with two-year combined results;
- 3) meeting the improvement requirements of Safe Harbor;
- 4) meeting the AYP targets with projected results.

For non-test indicators, AYP can be met in one of three ways:

- 1) meeting the AYP targets with current year results;
- 2) meeting the AYP targets with two-year combined results;
- 3) making improvement over the previous year.

\* The non-test indicators used to overall AYP (Attendance Rate and Graduation Rate) are evaluated only for the All Students subgroup.

<b>N/A</b>	Not applicable.
<b>NR</b>	Not Required – This indicator was not evaluated for this subgroup because the subgroup size was smaller than the minimum number needed to achieve a statistically reliable result. 30 students is the minimum size for the proficiency and non-test indicators, while 40 is the minimum size for the participation rate indicators.
<b>Met</b>	This subgroup met AYP for this indicator with its current year, two-year combined, Safe Harbor, or growth measure results.
<b>Not Met</b>	This subgroup did not meet AYP for this indicator.

Adequate Yearly Progress (AYP) is a federally required measure. Every school and district must meet AYP goals that are set for Reading and Mathematics Proficiency and Participation, Attendance Rate, and Graduation Rate. These goals are applied to ten student groups: All Students, Economically Disadvantaged Students, Asian/Pacific Islander Students, Black, non-Hispanic Students, American Indian/Alaska Native Students, Hispanic Students, Multi-Racial Students, White, non-Hispanic Students, Students with Disabilities (IEP), and Students with Limited English Proficiency (LEP). If any one of these groups does not meet AYP in Reading or Mathematics Proficiency, or in Participation, Attendance Rate, or Graduation Rate, then the school or district does not meet AYP. Not meeting AYP for consecutive years will have both federal and state consequences. Federal consequences could include a school or district being identified for improvement. State consequences could include a reduction in the state's rating designation.

## 2009-2010 Graduation Rate Information

All Students	American Indian/Alaska Native	Asian or Pacific Islander	Black, non-Hispanic	Econ. Disadvtdg
--	--	--	--	--
Hispanic	Limited English Proficient	Multi-Racial	Students with Disabilities	White, non-Hispanic

The disaggregated graduation rates of your school are provided for informational purposes only and are not used for your AYP determination.

Number of Limited English Proficient Students Excluded from Accountability Calculations

--

Under the federal No Child Left Behind Act, states are required to report certain data about schools and teachers. Data presented here are for reporting purposes only and are not used in the computation of the state designation for districts and schools.

## Federally Required School Teacher Information

Your Building's Poverty Status\*: Medium-High Poverty Your Building District

Percentage of teachers with at least a Bachelor's Degree	100.0%	100.0%
Percentage of teachers with at least a Master's Degree	81.9%	76.2%
Percentage of core academic subject elementary and secondary classes not taught by highly qualified teachers	0.0%	0.6%
Percentage of core academic subject elementary and secondary classes taught by properly certified teachers	99.1%	99.7%
Percentage of core academic subject elementary and secondary classes taught by teachers with temporary, conditional or long-term substitute certification/licensure	0.0%	0.0%

\*High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students.

-- = Not Calculated/Not Displayed when there are fewer than 10 in the group.

# Determining Your School's Designation

Determining your school's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the performance index and 3) AYP determination.

Indicators Met		Performance Index		AYP Designation		Preliminary Designation
94%-100%	or	100 to 120	and	Met or Not Met	=	Excellent or Effective
75%-93.9%	or	90 to 99.9	and	Met or Not Met	=	Effective or Continuous Improvement
0%-74.9%	or	0 to 89.9	and	Met	=	Continuous Improvement
50%-74.9%	or	80 to 89.9	and	Not Met	=	Academic Watch
31%-49.9%	or	70 to 79.9	and	Not Met	=	Academic Emergency
0%-30.9%	and	0 to 69.9	and	Not Met	=	Academic Emergency

The preliminary designation results from identifying the higher value between the percentage of indicators met by your school and your school's performance index. AYP then is evaluated to determine its effect on the preliminary designation. There are two ways in which AYP can affect the preliminary designation.

1. If a school meets AYP in the current year, it can be rated no lower than Continuous Improvement.
2. If an Excellent or Effective school does not meet AYP for the same two (or more) subgroups for three consecutive years, its rating will be decreased to Effective or Continuous Improvement (respectively).

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the school's final designation.

1. If your school's designation either is increased or decreased due to AYP, Value-Added has no impact on the designation and the preliminary designation becomes the final designation.
2. If your school experiences above expected growth in the current year, your school's final designation will increase by one designation.
3. If your school experiences below expected growth for at least three consecutive years, your school's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*	Final Designation
<b>Excellent</b>	and	Above expected growth for at least 2 consecutive years or Below expected growth for at least 3 consecutive years	<b>Excellent with Distinction</b>
			<b>Effective</b>
<b>Effective</b>	and	Above expected growth for at least 2 consecutive years or Below expected growth for at least 3 consecutive years	<b>Excellent</b>
			<b>Continuous Improvement</b>
<b>Continuous Improvement</b>	and	Above expected growth for at least 2 consecutive years or Below expected growth for at least 3 consecutive years	<b>Effective</b>
			<b>Academic Watch</b>
<b>Academic Watch</b>	and	Above expected growth for at least 2 consecutive years or Below expected growth for at least 3 consecutive years	<b>Continuous Improvement</b>
			<b>Academic Emergency</b>
<b>Academic Emergency</b>	and	Above expected growth for at least 2 consecutive years or Below expected growth for at least 3 consecutive years	<b>Academic Watch</b>
			<b>Academic Emergency</b>

\*In all other cases, Value-Added will have no impact on the designation and the preliminary designation will become the final designation.

## 2009-2010 Four-Year "On-Time" Graduation Rate Information

All Students --	American Indian/ Alaska Native --	Asian or Pacific Islander --	Black, non-Hispanic --	Econ. Disadvtd --
Hispanic --	Limited English Proficient --	Multi-Racial --	Students with Disabilities --	White, non-Hispanic --

In 2008, the U.S. Department of Education issued new regulations to require Ohio and all other states to transition to a new graduation rate formula that will provide more consistency in reporting and will allow for comparisons across states. The new formula, referred to as a "four-year, adjusted cohort graduation rate," includes only graduates who earn either a regular or honors diploma anytime within four years of when they first enter the 9th grade, which includes the summer immediately following their fourth year of high school.

The cohort (group) is created by following the progress of individual students from the time they enter high school. The group is adjusted to take into account students who transfer in or out any time over the four years. The graduation rate is calculated by taking the number of students who graduate in four years or less and dividing it by the number of students in the original list of 9th graders, adjusted to include students who move away or move into the school district.

Ohio is required to display the new graduation rate in 2011 to help familiarize the public with how it is created and compares to the existing rate. Beginning in 2012, this new rate will be the official graduation rate for Ohio and will be used for accountability purposes. Ohio also is required to display the new graduation rate by student group (as shown in the table on this page).

The data on this page is for the graduating Class of 2010. So that summer graduates can be included, Ohio lags its graduation rate by one year. Next year, the new formula (computed for the graduating Class of 2011) will be used in each school or district's AYP calculation and to determine if the school or district met the state indicator for graduation.

## The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparison of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

To view Ohio's most recent  
NAEP results, go to:

<http://education.ohio.gov>

and search for key word "NAEP"
