Our School

PBIS-based building that provides educational services to meet the needs of diverse learners in grades K-5. Taylor Road Elementary has a strong tradition of parent and community involvement. All students are sorted into one of six houses: Amistad, Altruismo, Isibindi, Nukumori, Protos, or Reveur while at Taylor Road. They remain in that house for the duration of their time here to build strong relationships with staff and students from other grade levels. We have excellent SEL programming in place to address the emotional and social needs of students in our building. In addition to three outdoor classrooms, we have enrichment programming in place to develop student interests in STEM, Music, Art, and Physical education. This allows us to provide our learners with additional opportunities to excel in non-academic areas. The Tornado staff is committed to making all students feel welcome and supported. It is our goal to meet their academic, social, and emotional needs so that they can be their very best!

Parent Organization

The Taylor Road Elementary PTO meets quarterly and provides the financing for memory-making experiences for our students. They sponsor performing arts visitors, field trips, Walk-A-Thon, field day, COSI on Wheels, and much more. Get involved: [facebook.com/TaylorRoadPTO](https://www.facebook.com/TaylorRoadPTO).
