

# BOND 2021

## The Plan for Our Future

### FAST FACTS

#### NOVEMBER 2, 2021

RCS has a bond issue on the ballot.

#### FULL DAY K

With additional space and buildings, RCS will be able to offer full day Kindergarten District-wide.

Hannah Ashton Middle School was built 153 years ago, and the age of the building and classroom layout no longer meets students needs.

#### MODERN LEARNING

Updated technology and electrical systems, flexible spaces, and returning 5th grade to elementary school will enhance learning opportunities.

The bond issue would cost approximately **\$14.29/MONTH PER \$100,000** of home value, as listed on the county auditor's website.

Our students deserve **equal access** and opportunity to succeed through improved technology, modern learning spaces, and increased access to teachers.

## WHAT IF IT PASSES?

- Full-day Kindergarten District-wide.
- A new Early Learning Center at Graham Road that will utilize historic pieces from the original Hannah Ashton building.
- A new Middle School.
- Upgrades to electrical and technology systems to accommodate modern learning.
- New flexible and collaborative learning spaces for today's educational models.
- Efficient and consolidated District business offices.
- Permanent Improvement funds to maintain our community's school buildings and facilities into the future.

## WHAT IF IT FAILS?

- Without funding for a bond, our facilities will continue to dictate what we can and cannot offer our students. Class sizes will continue to increase and dollars will be diverted from the classroom to deploy short-term fixes to major facility limitations.
- The needs to repair and expand our facilities do not go away with time; rather the fixes will become more costly and urgent.

## IMPORTANT DATES

**OCTOBER 4**

Voter Registration Deadline

**OCTOBER 5**

Early Voting Begins

**NOVEMBER 2**

Election Day
