

## **WRJH Bring-Your-Own-Device (BYOD) Policy**

Technology plays a large role in our students' lives. Personal devices can enhance and enrich learning opportunities both at home and at school. WRJH is committed to allowing responsible use of personal devices at school so as to provide as many pathways to understanding as possible for our students. If a teacher is using technology in a classroom lesson or activity, all students will be provided access to necessary devices. If you decide to allow your student to bring a personal learning device on campus, it is permitted.

### **General Info**

Access to the WRJH wireless network, whether with school-provided or personal devices, is filtered. However, access from personal devices is limited to Internet use only. Students will not have access to any documents that reside on the school network from their personal devices.

### **Access to the WRJH wireless network is a privilege, not a right.**

Any use of the wireless network entails personal responsibility and compliance with all school rules. The use of the Reynoldsburg City School's network also allows administration to conduct investigations regarding inappropriate Internet use at any time.

### **Guidelines for use**

- Use of personal devices during the school day is at the discretion of teachers and staff. Students must use devices as directed by their teacher.
- The primary purpose, and only purpose, of the use of personal devices at school is educational.
- The use of a personal device is not to be a distraction in any way to teachers or students.
- The use of personal devices falls under Reynoldsburg City Schools' Acceptable Use Policy, found in the student handbook.
- Students will refrain from using personal devices at school outside of their classroom unless otherwise directed by their teacher.
- Students shall make no attempts to circumvent the school's network security and/or filtering policies. This includes setting up proxies and downloading programs to bypass security.
- Students shall not distribute pictures or video of students or staff without their permission (distribution can be as small as emailing/texting to one other person or as large as posting image or video online)
