

COMMUNITY USE OF SCHOOL FACILITIES
(Equal Access)

Although the basic purpose of public school facilities is to provide the youth of the community a sound education program, the complete function of education is not achieved until the school facilities are made to serve the total community. To accomplish this objective, when school facilities are not in use for school purposes, the Board shall, upon payment of the prescribed fee and subject to the requirements of the regulation KG-R, KG-R-1 and KG-R-2, permit the use of school facilities for auxiliary, educational, recreational, cultural, civic, social, religious or other purposes. This right of access, however, is subject to any constitutional limitations regarding religious expression in public schools. Fees are assessed in accordance with a schedule adopted by the Board.
